

**Legislative Process Quality Index
Tenth regular session of the Verkhovna Rada of Ukraine
of IX convocation**

Legislative Process Quality Index is a tool for self-assessment of the effectiveness and efficiency of the Parliament's legislative activity, the relevant procedures, their effectiveness and compliance with international standards of parliamentarism.

5

main indicators

4

groups of respondents

**after each
session**

data is updated

Participants in the legislative process

Employees of the Secretariat
of the Verkhovna Rada of Ukraine

Members of Parliament of Ukraine

Index

Employees of central executive bodies

Civil society representatives

Respondents rate the quality of the legislative process during the last session of the Parliament on a scale from 0 to 5, giving answers to questions in five categories (on the right)

Legislative capacity

Transparency

Adherence to procedures

Involvement of stakeholders

Expert analysis

In that way, a numerical indicator is formed: Legislative Process Quality Index.

The index measures
the main indicators
of the Parliament's functioning

Legislative capacity

How effectively does the Parliament use its legislative powers to respond to challenges for the state?

In your opinion, what was the overall level of effectiveness of the legislative process planning during this session?

How effectively did the Parliament consider the draft laws that were not planned in advance for responding to urgent challenges/situations (for example for responding to the challenges of war)?

The index measures
the main indicators
of the Parliament's functioning

Transparency

How open was the information about the legislative process?

In your opinion, how quickly is the information about Committee activities (transcripts of meetings, minutes, adopted decisions, etc.) made public on the Committees' websites?

How accessible (convenient and understandable) is the official web portal of the Verkhovna Rada of Ukraine for monitoring the legislative process?

The index measures
the main indicators
of the Parliament's functioning

Adherence to procedures

How fully did the legislative process meet the requirements of the Rules of Procedure of the Verkhovna Rada of Ukraine and other legislative acts?

In your opinion, what was the general level of compliance with the deadlines for consideration of draft laws provided for by the Rules of Procedure of the Verkhovna Rada of Ukraine?

The index measures
the main indicators
of the Parliament's functioning

Involvement of stakeholders

How effective was the involvement of representatives of stakeholders and civil society in the legislative process?

In your opinion, what was the overall level of effectiveness of involving representatives of the public in processing draft laws in the Committees?

The index measures
the main indicators
of the Parliament's functioning

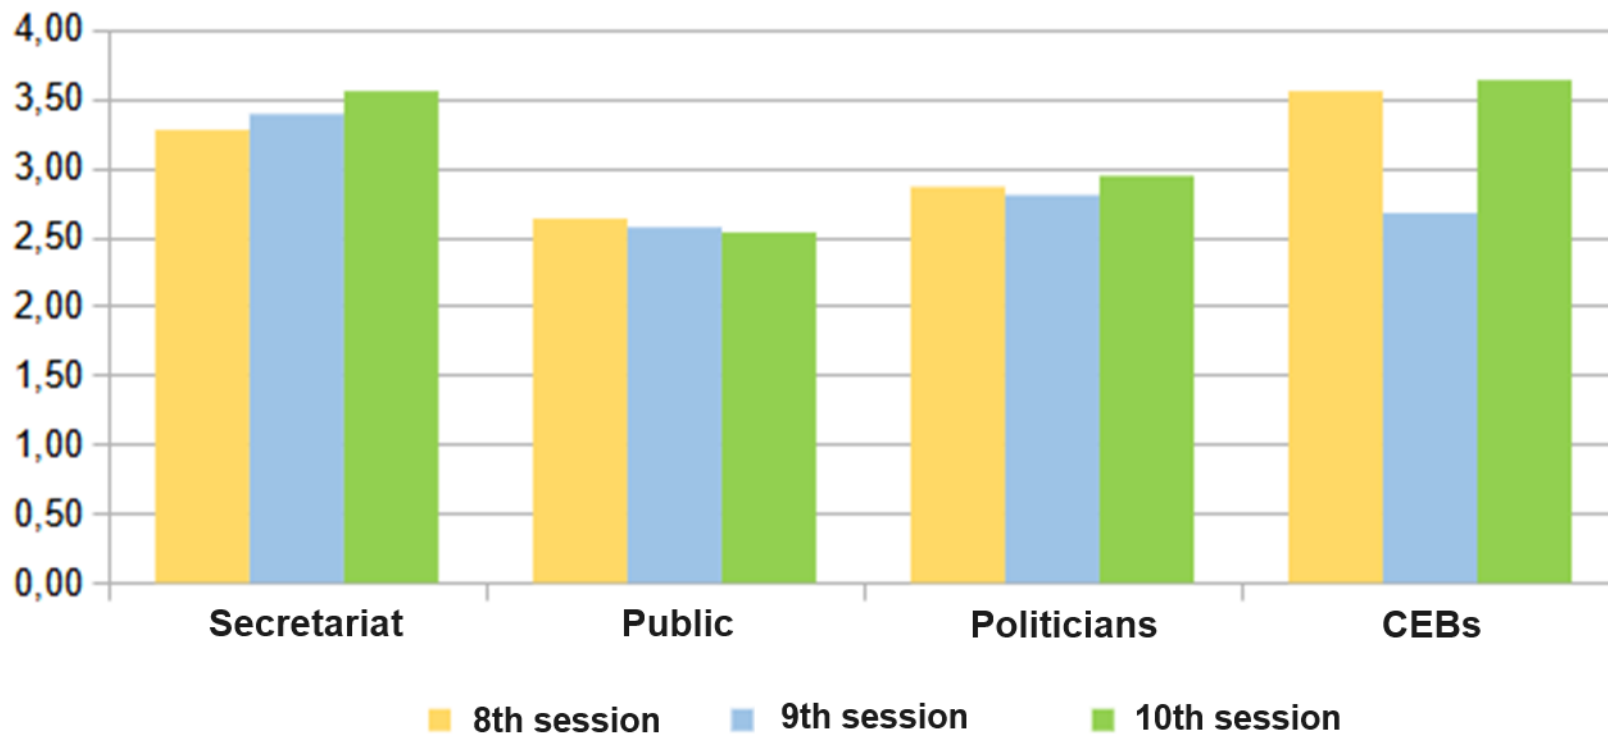

Expert analysis

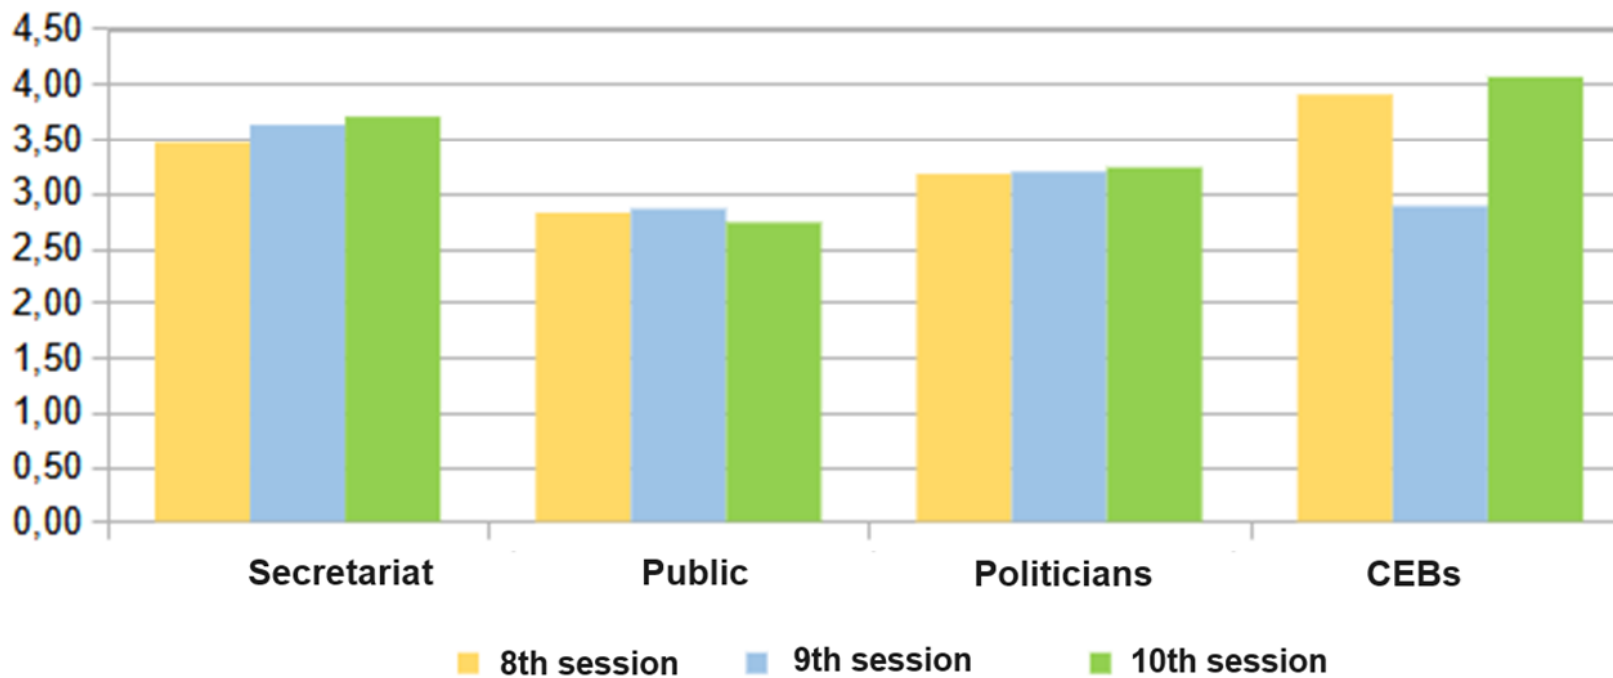

To what extent did the Parliament use the results of experts' work in the legislative process?

In your opinion, what was the overall level of conducting examinations of draft laws adopted during the last session (including opinions of the MSED and the MLD as well as the anti-corruption and budget examinations for compliance with the European Union law and/or obligations of Ukraine under the Association Agreement)?

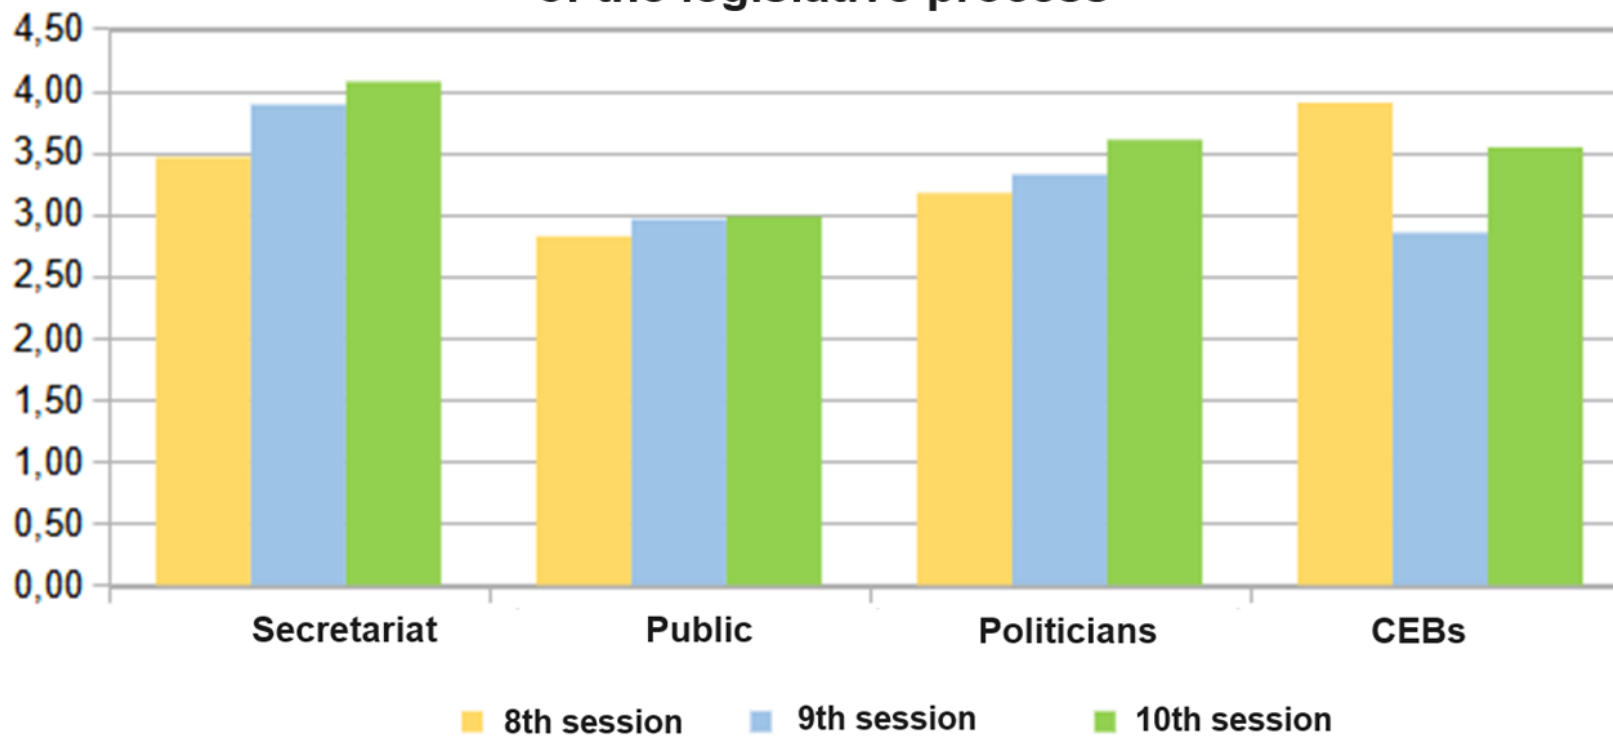

Structuredness, systematicity and balance of the legislative process

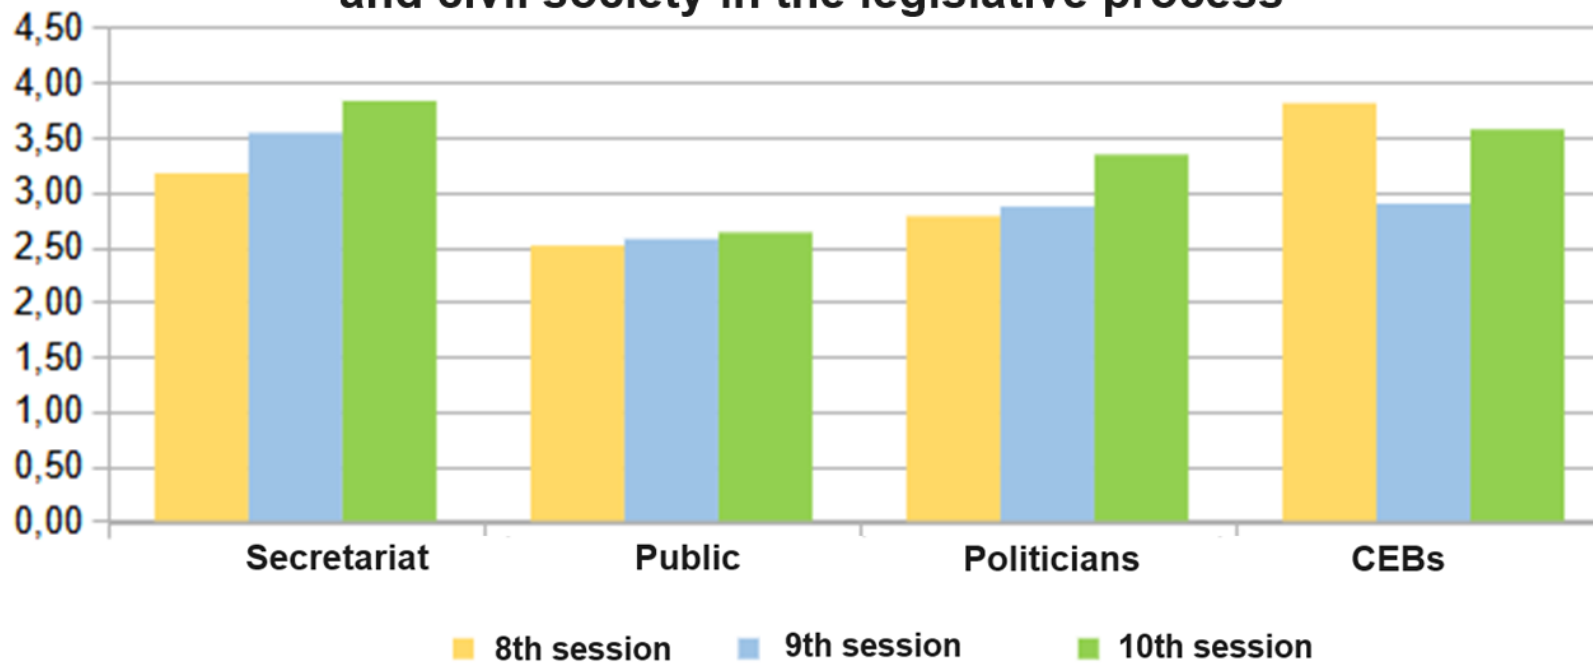

Compliance with the legislatively established deadlines for the preparation and consideration of draft laws, their analytical processing

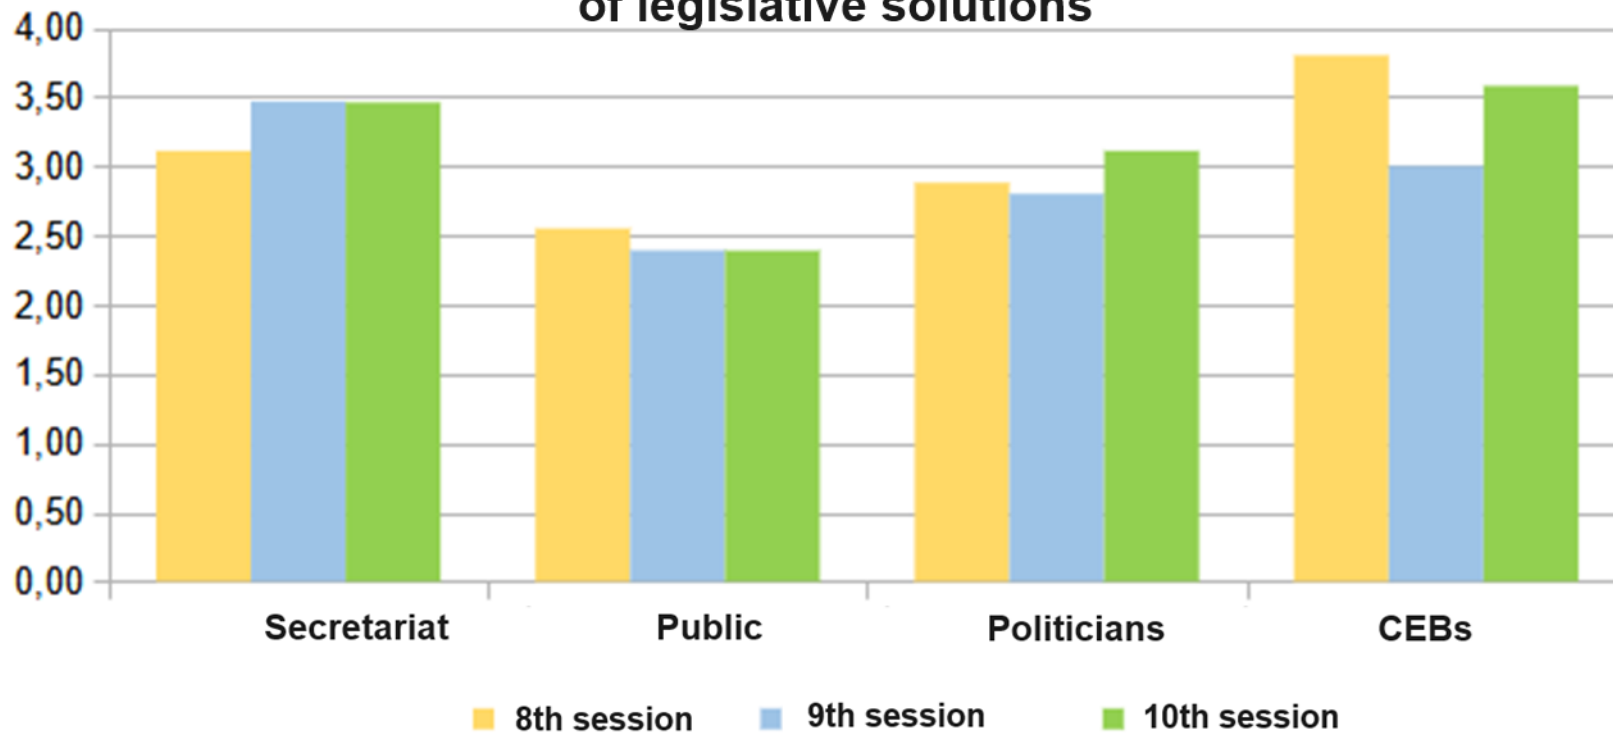

Level of transparency, publicness and openness of the legislative process

Involvement of representatives of stakeholders and civil society in the legislative process

Evaluation of quality of expert analysis of legislative solutions

Legislative Process Quality Index during the 10th session of the VRU of IX convocation
