

Legislation Index quality of the VRU's 9th secession of the current convocation

Legislation Index quality is a self-assessment tool to measure the effectiveness and efficiency of the Parliament's legislative activities, assessing relevant procedures, their productivity, and their alignment with international parliamentary standards

The Index evaluates the key indicators of Parliament's performance

Legislative Capacity

How effectively Parliament uses its legislative powers to respond to challenges the state faces?

Transparency

How open was information about the legislative process?

Adherence to Procedures

Did the legislative process fully adhere to the requirements outlined in the Rules of Procedure of the Verkhovna Rada and other legislative acts?

Involvement of Stakeholders

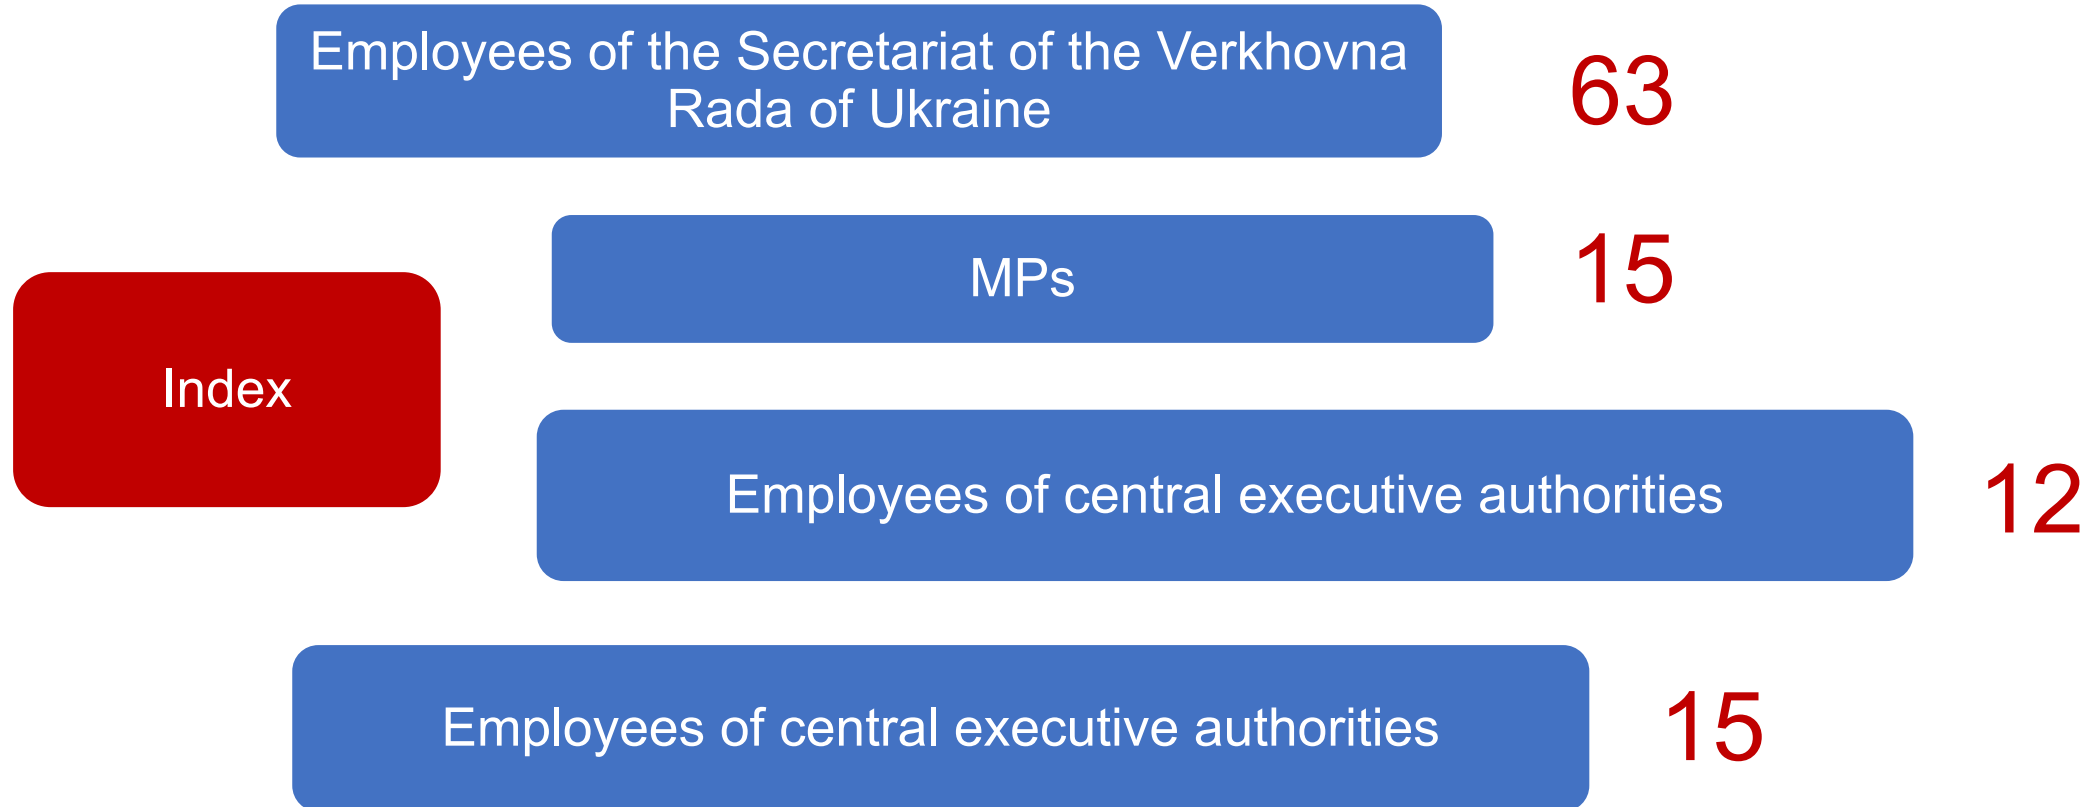

How effective was the involvement of stakeholders and civil society in the legislative process?

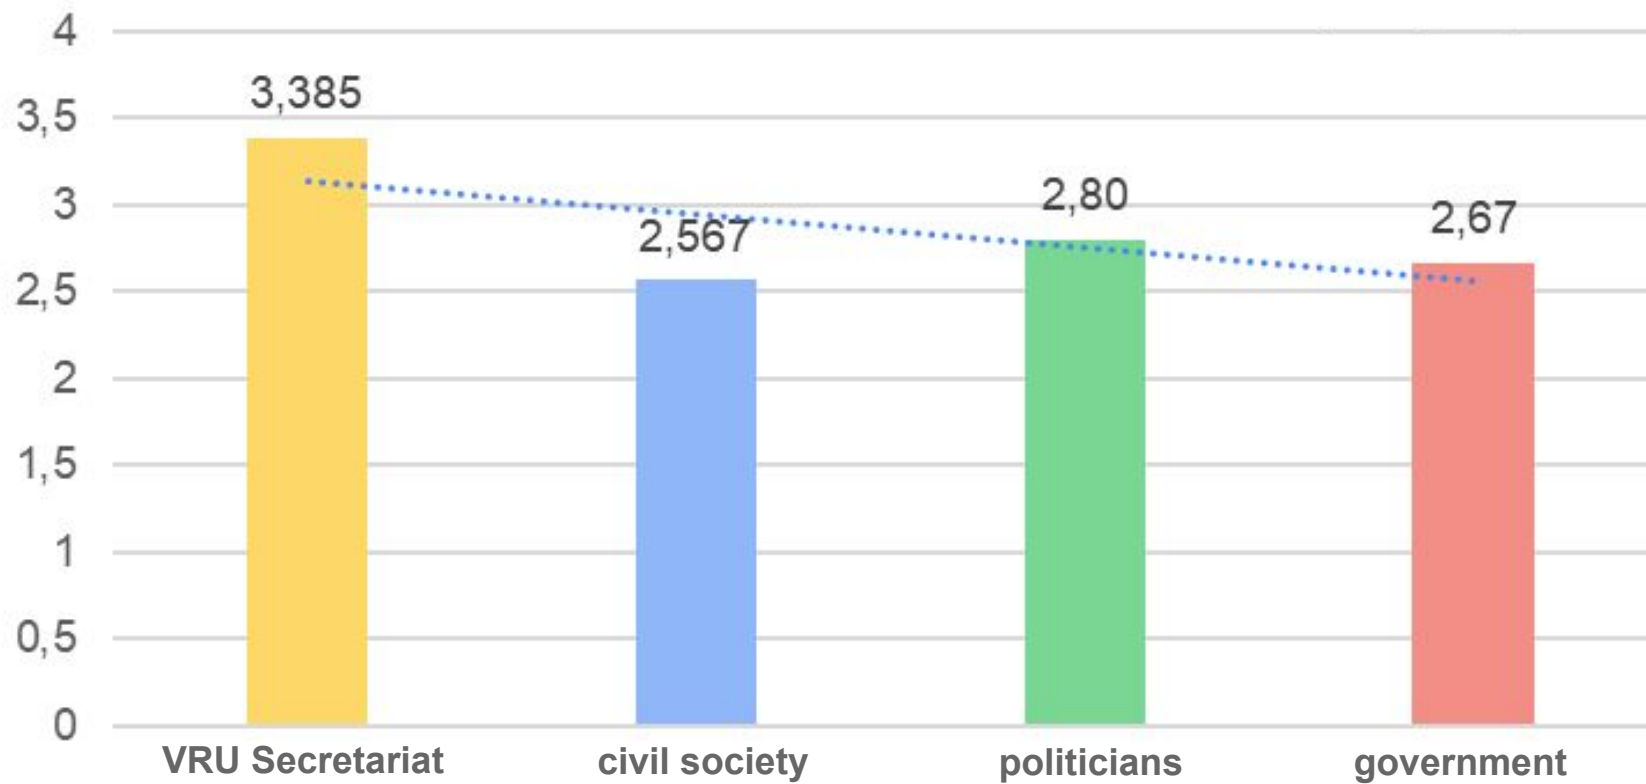

Expert Analysis

How often does Parliament use studies of experts in the legislative process?

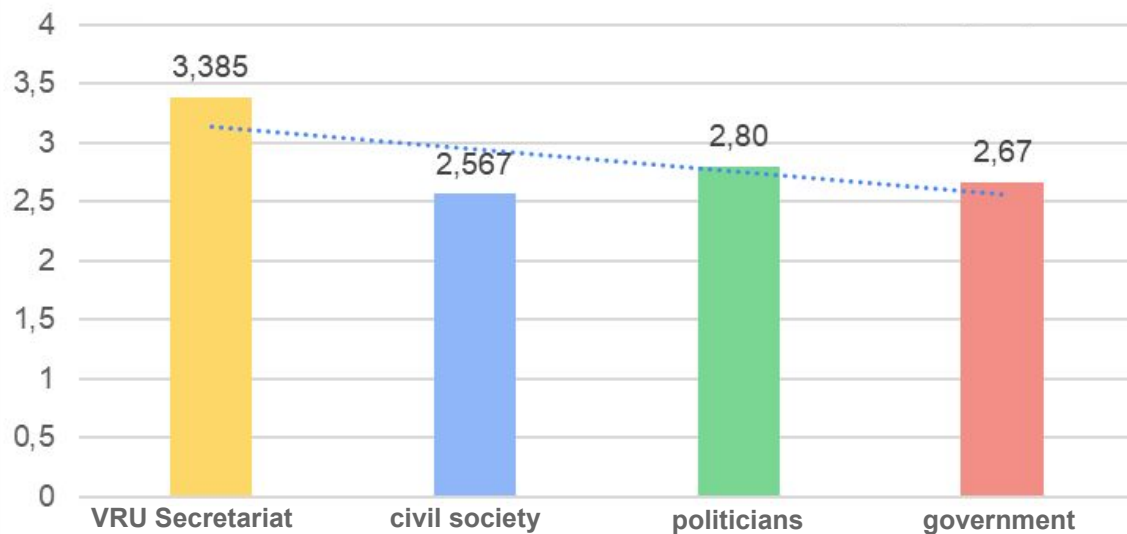

Participants of the legislative process
